SUBMISSION FORM

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

WHARENUI SPORTS CENTRE UPGRADE AND MAINTENANCE.

Council need to revisit and look into the proposed plans that were produced to upgrade and improve this facility some years ago.

This facility is very popular, well used by schools, and local residents both young and old.

The main access to the pool area is in need of improvement and the changing rooms, showers and toilets are long over due for upgrade.

The corrosion within the main switch boards is cause for concern and maintenance or replacement should be programmed before major faults occur due to chlorine contamination.

Relocation of the pool side AC switchboard located in the ladies changing room should be given some priority.

Note: The electrical work required is too big for a small contractor such as myself, and my observations and suggestions are for the benefit of all those who use and enjoy this facility.

I make these suggestions to inform Council with the knowledge and experience gained as a maintenance contractor of this facility for the past 8 years.

I would be available to discuss these issues in the future if required – after 5 June 2009.

Yours sincerely

Gavin Stuart
