Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?  
Why should this be done?

We would like the council to earmark funding for the new Ice Rink proposal for QEII. I understand land has been offered for the project. There is a serious lack of available ice time at Christchurchs one and only private ice Rink. This caters for Ice Speed Skating, Ice figure Skating, Ice Hockey and Curling. This is a large chunk of the community ~~as well~~ Also the public sessions that are offered for entertainment for young people, are well patronised. The new facility at QEII would fully use the natural gases and the energy from the pool as this is an ideal site. It would cater for the Eastern suburbs where there is a lot of young people that need an interest and somewhere to go. Busy teenagers keep out of trouble. A bigger full sized ice Rink would offer the local <sup>the opportunity</sup> clubs of organising international events, therefore bringing much needed cash to our economy. Make Christchurch the winter wonderland of New Zealand.
