Submission Form

Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

PROBLEM ① — Motorist and pedestrian safety
Dunbars road / Halswell road intersection
— Heavy traffic causing extreme difficulty turning right, and at times even turning left.

PLEASE — we must urgently have lights here!
I contacted the Council by phone last year and was given Ref: no. 907 96379. Later in August I was able to contact Malcolm Taylor engineer on 941 8604 who thought there would be lights but didn't know when — was advised to ring Transport Agency and did so 8/9/08 and left a message.

They replied and said there was some problem with land owners otherwise they would attend to the matter. Could you urgently investigate please?

PROBLEM ② danger to pedestrians trying to cross Dunbars road between Halswell road and entrance to Bishop's Green (or even further up Dunbars road.) I have asked for even a simple concrete island in the middle of the road as it is a wide road (there are plenty of narrower ones who have one) Is there a difficulty to do this?

There are bus stops either side of the road and always people trying to cross. Even if there is a hold up getting the lights at the corner, we might have a chance to safely cross the road on foot further up the road, with an island in the middle.

You may add more pages if you wish. Thank you for your submission.

Please urgently review this.

Thank you,
M.C. Rhodes
