

# Draft Long-Term Council Community Plan (LTCCP) 2009-19

# Submission Form

### PLEASE READ BEFORE COMPLETING YOUR SUBMISSION

The public consultation period is from Tuesday 10 March 2009 to Thursday 16 April 2009.

It will help us if you clearly:

- state the issue you want the Council to consider;
- state what specific action you think the Council should take, and
- state why that should be done.
- type or use black ink for your submission.

Please note: We are legally required to make all written or electronic submissions available to the public and to Councillors, including the name and address of the submitter. In making submissions available to the public, the submissions will be posted electronically on the Council's website. Information will be available to the public subject to the provisions of the Local Government Official Information and Meetings Act 1987. If you consider there to be compelling reasons why your contact details and/or submission should be kept confidential, you should contact the Council Support Team, telephone 941 8999.

# Submission Form

Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?  
Why should this be done?

repeat offender dog owners should be fined to recoup the cost of Animal Control - general rate payers should not have to pay to enforce wandering and or barking dogs.

"Transport - Traffic demand management is a key issue for the council and it is proposing significant funding to create a safe, secure, responsive and sustainable transport network."

CCC's roads are, for cars, safe, secure and unsustainable! Unless leadership is shown by council people will increase congestion by driving more car trips → unsustainable  
By comparison CCC's bike lanes/paths are not safe, not secure and not sustainable → There are too many accidents, too many "missing links" and cyclist numbers continue to drop ☹️  
Again this is unsustainable!

"There is a strong focus on relieving traffic congestion. Lets be real here, building more roads does NOT fix congestion in the medium or long term. This is a Long Term Plan!"

I applaud the spending of £160m on Public Transport, and I urge you to drastically increase cycling funding from 5m to 50m to address the issues I have raised.
