Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

Thank you for a job well-done on this Summary. However nothing has been mentioned on the issue of PARKING either in the central city or suburbs (gateway into city)

If you want to revitalise the central city, first of all, you must provide good parking facility at reasonable charge. The first hour free parking is fantastic but it's too little. If it can be extended to two hours, it really helps, as car owners will have peace of mind to enjoy the activities in the city.

If you want to encourage car owners to leave their car at suburb town like Hornby, then parking facilities should be provided at reasonable charge and they can take public transport into central city (to reduce congestion).
Would suggest government to purchase more land at suburbs (gateway to city) and convert into parking lots with the two-hour FREE PARKING facility!! Thank you.
