Your Submission:	<p>To consider the state of Ruru Road between Maces and Dyers Roads, we have written letters to the Mayor and Council on numerous occasions about the state of this Road which is becoming worse each day with huge potholes appearing on a daily basis, no kerb or walkways for people with no cars or transport to walk to and from their place of work. It is, I believe, in a shocking state and am told will not be long before a serious accident could happen</p> <p>Also Palinarus Road in Woolston, there are no footpaths on either side of this road, and being blind and having a guide dog, this leaves me no where to go walking outside my property. I feel very strongly about both these issues and have been trying to get something done about them for a long time now.</p>
