Your Submission:

I am submitting this on behalf of the community child care centres.

I believe it is vital that the Community Creche's remain open and operating and they should have the backup and support from the Council.

Before I considered sending our son to a pre-school, I looked at various private pre-school. We chose to send our son to the Hoon Hay Community Creche - There are many reasons why we chose this creche (and a community one), but mainly because of the committment to children and the basic feel of this centre. It would be extremely disappointing of the council to consider or even propose any thought of closing or not supporting these community creche's. I believe it is vital the Council continue to support and back the creche/s 110%. You have committed and willing staff along with parents, who will back and support them.

I am more than happy to continue writing and letting you know why, but just look for yourself and I am sure you will make the right decision by our your children, who should be able to learn and be happy and this wont happened if you dont continue to support.
