Your Submission:	<p>I would like the Council to consider on-going involvement with the three early learning centres as part of their community plan. The centres all provide an essential community service.</p> <p>The Council should continue to operate these services, relocating the Tuam Street Early Learning Centre within the appropriate time frame. The Council should remain visible in supporting community needs. The three centres all offer high quality levels of service with highly trained, dedicated staff. I see the Council's involvement with the three centres as being valued, respected and a major contributor to a unique city. Our children's future forms the social, economic and cultural future of our society. I see the Christchurch City Council highly regarded as the ONLY CITY COUNCIL in New Zealand valuing and celebrating the future of our children.</p>
