

Submission Form

PLEASE READ BEFORE COMPLETING YOUR SUBMISSION

The public consultation period is from Tuesday 10 March 2009 to Thursday 16 April 2009.

It will help us if you clearly:

- state the issue you want the Council to consider;
- state what specific action you think the Council should take, and
- state why that should be done.
- type or use black ink for your submission.

Please note: We are legally required to make all written or electronic submissions available to the public and to Councillors, including the name and address of the submitter. In making submissions available to the public, the submissions will be posted electronically on the Council's website. Information will be available to the public subject to the provisions of the Local Government Official Information and Meetings Act 1987. If you consider there to be compelling reasons why your contact details and/or submission should be kept confidential, you should contact the Council Support Team, telephone 941 8999.

Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

I think a portion of the rates bill should be itemised as "Water Management". The public should get used to the idea that water is not free, when the total business of mains supply, effluent disposal, sewage treatment, drainage systems etc are taken as a whole.

As part of this package of supply/maintenance/capital investment costs the consumption of water needs to carry a cost.

In the interests of simplicity household connections could have a monthly free allocation, and excess usage incurs a sizeable extra charge. Advertised excess charges could be the surest way to attain usage control in summer drought conditions rather than garden hoseing restrictions. Far too much water goes on lawns in high/late summer.

On a particular project level \$36 million seems a ridiculously high figure for water supply improvements in Akaroa. On a per capita basis this would be about \$3.6 billion (or similar large number) for Christchurch City.
