

# Submission Form

## PLEASE READ BEFORE COMPLETING YOUR SUBMISSION

The public consultation period is from Tuesday 10 March 2009 to Thursday 16 April 2009.

It will help us if you clearly:

- state the issue you want the Council to consider;
- state what specific action you think the Council should take, and
- state why that should be done.
- type or use black ink for your submission.

Please note: We are legally required to make all written or electronic submissions available to the public and to Councillors, including the name and address of the submitter. In making submissions available to the public, the submissions will be posted electronically on the Council's website. Information will be available to the public subject to the provisions of the Local Government Official Information and Meetings Act 1987. If you consider there to be compelling reasons why your contact details and/or submission should be kept confidential, you should contact the Council Support Team, telephone 941 8999.

Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?  
Why should this be done?

## WATER SUPPLY

My Submission is that on applying for Consent for new home buildings, all home buildings should be required by law to have a Water Butt (or other suitable container - i.e. tank) to collect water from the roof spouting and down pipes. This water to be used for the sole purpose of watering Gardens, Cleaning Cars and other un-essential water uses. This system could be monitored. Christchurch City enjoys a considerable (good) rainfall for 6 months of the Year (i.e. Autumn, Winter and Spring) - This System could have an added Bonus to it, that in the event of very heavy rainfall it would ease flooding and stop drains (especially in Hill Areas) from becoming blocked.

This System would not be of cost to the Ratepayer or the Council - Perhaps it could be subsidised in some way by the Council - much as with Heating Systems. In that older homes adapting this Policy could be subsidised.

I would really like to be there for the hearing of this Submission. However, at that time may be un-available due to Hospital procedures.

But I can be contacted at the given number.

I feel this issue is equally important as to fires and pollution caused by us in Canterbury. We are privileged with our water supply and should sustain it.
