

Submission Form

PLEASE READ BEFORE COMPLETING YOUR SUBMISSION

The public consultation period is from Tuesday 10 March 2009 to Thursday 16 April 2009.

It will help us if you clearly:

- state the issue you want the Council to consider;
- state what specific action you think the Council should take, and
- state why that should be done.
- type or use black ink for your submission.

Please note: We are legally required to make all written or electronic submissions available to the public and to Councillors, including the name and address of the submitter. In making submissions available to the public, the submissions will be posted electronically on the Council's website. Information will be available to the public subject to the provisions of the Local Government Official Information and Meetings Act 1987. If you consider there to be compelling reasons why your contact details and/or submission should be kept confidential, you should contact the Council Support Team, telephone 941 8999.

No anonymous submissions will be accepted. Whether you use this form or not, you must provide your full name, address and telephone number. If you are submitting on behalf of an organisation please state this and your role within that organisation.

Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

WASTE MINIMISATION

As a ratepayer for almost 50 years I request that provision should be made for ratepayers to apply for a larger organics recycle bin without any additional cost being applicable. At present there is a charge of approx. \$160.00 p.a. for a larger organics bin. Despite composting as much vegetable & plant material as possible the small standard organics bin will be insufficient for disposal of surplus material which my garden yields. This suggestion should be implemented as soon as possible.

WASTE WATER COLLECTION & TREATMENT

Use of our rivers and waterways should be completely protected from being used as repositories for effluent, chemicals & other harmful matter.
