Email Address for copy of submission:

ngarie2000@hotmail.com

Date:

16 April 2009

Your Submission:

- 1) retention of the Edgeware Pool site(43a Edgeware) as a community GREEN space
- 2)Consideration to the aquifers on the site and what will be needed in the future
- 3)Development funds collected being used to support sustainable communities and transition communities.. starting with the development of the former pool site as a community garden or similar
- 4)Development and improvement to elderly housing in Coles place.

This area of land should be looked at as a whole rather than two separate areas as this community needs to replace the hundreds of square metres of lost green space that have been used for infill housing in the last 20 years
5) quality of all developments... some are just plain shoddy!!
