Submission Form

Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

I would like to comment on some key issues outlined in the long-term community plan.

- ① I strongly agree with the Council's choice to concentrate urban development, and the reasons given for doing so. (p. 4)
- ② I strongly agree with the Council's plan to spend \$488m to improve wastewater collection and treatment. Also, I strongly support spending \$23m to prevent wastewater overflow. (p. 5)
- ③ I support spending \$11.5m to extend the tram. I query spending \$7.1m for heritage protection in the central and ask the council for further details. (p. 6)
- ④ I strongly support spending \$3.8m to construct the new Civil Defence building. Construction of this building should involve continued community involvement & participation in civil defence planning & readiness. (p. 6)
- ⑤ I strongly support construction of the Western Interceptor (p. 7). I am not in favour of spending \$106.7m for a transport interchange. The description of "extra facilities & services such as retail outlets" seems like pork-barrel politics & has little at all to do with transport. This should be clarified or scrapped (p. 7)
- ⑥ I support expanding the Christchurch Convention Centre. (p. 7)
- ⑦ Re: changes and proposals. I think the listed LTCCP proposals on p.11 are well-thought out and I support them. However, the rating system changes with regards to the water supply needs to be clarified. I do not support water metering, and favour a community education program to reduce water use/waste.
