Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

I fully support the councils proposal to extend the tram tracks.
The extension can only be seen as a positive contribution to the inner city businesses. The tram route currently provides a means for tourists to travel around the inner city but the extension will provide a longer trip and highlighting a different side of the city that they may not have come across by themselves. Tourists onboard the tram will then have so many more shops / cafes etc where they can jump off and spend money!

I also believe the extension of the tram tracks may be of use for a wider local market eg business people moving around the city or families.

The extension of the tracks should impact positively towards ~~the~~ the inner city businesses and also the overall look/appearance of the CBD.
