Tram Route Extension:

I wish to make a submission in SUPPORT of the tram route extension. The tramway has proven its ability to revitalise sections of our inner city in ways that have exceeded the hopes of the original far-sighted advocates and planners. The trams now provide an identity for the city on a par with our treasured River Avon and the Cathedral. The extension can only improve any area of the city it enters and will repay the city with added tourist enjoyment with the extra cash flow that will result.

The Rugby World Cup will be upon us very soon, therefore I trust the tram extension will proceed apace and be ready in time for the considerable influx of tourists that will be here to enjoy the rugby, our city and our hospitality.
