"Tram Transport TO Summer"

I would like Trams (Tracks) be considered
via Linwood: Worcester St Linwood Ave.
to Summer.

Suitable for Tourists. as Summer a very
attractive suburb.

A Tram service would also be ideal for
commuters to and from Summer and city.

This would ease congestion - often experienced
by road transport.

A service would ideally be beneficial to
Eastgate and Leamstead centres.

This service could be catalyst for future
services across Christchurch. ex. to airport

Rail commuter services Christchurch.
Metropolitan area

As Christchurch has three rail corridors radiating out via Darfield Rolleston (Ashburton) Kaiapoi, Rangiora, Amberley, all towns with populations that have residents that travel to Christchurch for work business or pleasure. I consider that a commuter rail (railcar) service could be considered radiating out from the city to these outlying communities (including Lyttelton). A double track would not be necessary as our freight rail services aren't heavy. When a railcar service to Rangiora was running some years ago it proved popular (hopefully a rail service would ease road traffic especially from Rolleston - Rangiora Amberley and New Pegasus Town area). A terminal could be established near Colombo St area. (I believe council has considered this terminal area). I realise Regional Council would be involved with any proposals. Our present Mayor at election stated he was very keen on rail.
