Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

I strongly believe the Tram Extension development is essential to the 'revitalisation' of the Central City.

The Trams are often used as a symbol/icon for Christchurch and extending the route will serve to enhance the beauty and heritage of our City.

Allowing the Trams to service Oxford Terrace, High Street and City Mall, will help to improve sales for many retailers, restaurants/cofes etc along the route.

The Trams currently transport a large number of International Visitors who rarely visit High St and City Mall, but these extensions would ensure all visitors could travel safely and confidently throughout the central city.

I have no doubt that locals would also find the extensions useful as they will no longer need to carry shopping bags from one end of town to the other.

All in all, I can only foresee plenty of benefits for extending the Tram route and have no doubt it would be money well spent!
