Date:

20 March 2008

Your Submission:

Purchase of Scarborough Farm.

With the property now on the market this is a great time to purchase this strategic piece of land to add to the Port Hills reserve. It can generate some revenue by including in existing farmed land and the sale of any sections that are not integral to the reserves. At long last the track connecting from Godley Drive to the Summit Rd could be reopened as could the old Heritage (?) track connecting Sumner to Taylors Mistake.

If the opportunity is not taken now it may be lost forever. Scarborough Rd will not handle additional traffic from further subdivision. This farm property is an essential part of the Port Hills reserves which are experiencing ever increasing public use as well as contributing to the visual appeal of Christchurch.
